Work in your street

Day Work – Street Improvements – Merriman Street, Millers Point

We will soon start works to improve Merriman Street, Millers Point between Bettington Street and Clyne Reserve.

Street: Merriman Street, Millers Point
Section: Bettington Street to Clyne Reserve
Type of work: Raise and relay pavers, concrete gutter, tree surrounds and garden beds
Start date: 24 November 2021
Duration: Three weeks
Working hours: 7.30am to 5.30pm – Monday to Friday
7.30am to 3.30pm - Saturday

Please note these works will be completed before the commencement of Clyne Reserve upgrade.

We will work to minimise impacts during this time. However, there may be machinery noise, temporary restrictions to traffic parking and changes to pedestrian access.

If there is bad weather, our contractors will try to start the work the next day. If unsuitable weather continues, we will update you on any changes to the schedule.

You will still be able to access properties in the street. We will contact you if we need to temporarily restrict access to progress work.

Please note that works maybe rescheduled at short notice because of the current Covid-19 global pandemic. The safety of our communities, customers and staff is our top priority.

Thank you for your patience while we complete these important works.
