

8 April 2022

Our Ref: 10195458

Day Work - Street Lighting Improvements – Clarence Street, Sydney

We will soon start work to improve **Clarence Street between Market Street and King Street, Sydney**. These works will improve reliability of the street lighting, maintain pedestrian safety, and enhance road user visibility in the area.

Street: Clarence Street
Section: Market Street to King Street
Type of work: Installation of smartpoles, road and footpath restoration
Start date: 14 April 2022
Duration: Two months
Working hours: 7.30am to 5.30pm – Monday to Friday
7.30am to 3.30pm - Saturday

Further notification will be provided for any Sunday works taking place.

We will work to minimise impacts during this time. However, there may be machinery noise, temporary restrictions to traffic parking and changes to pedestrian access. If there is bad weather, our contractors will try to start the work the next day. If unsuitable weather continues, we will update you on any changes to the schedule.

You will still be able to access properties in the street. We will contact you if we need to temporarily restrict access to progress work.

Thank you for your patience while we complete these important works.
