Community Update

Day Works – Street Lighting Improvements - Clarence Street, Sydney

Sydney Civil will continue works to improve Clarence Street, Sydney. These works will improve reliability of the street lighting, maintain pedestrian safety, and enhance road user visibility in the area.

Street:	Clarence Street
Sections:	Druitt to Market Streets King to Barrack Streets Erskine to Margaret Streets
Type of work:	Installation of Smartpoles, road and footpath restoration
Duration:	Six weeks
Working Hours:	10am to 3pm – Monday to Friday 7.30am to 5.30pm – Saturday and Sunday

We will take all steps to minimise any impact on you, however there will be some machinery noise, temporary restrictions to parking and alternate pedestrian access.

In the event of wet weather, the City's contractor will try to start the work the following day. If unsuitable weather continues, we will notify you of a change in scheduling.

Access to properties in the street will remain and we will contact you if we need to restrict access to progress part of the works.

Please note that the safety of our community, customers, staff and contractors, is our top priority. Rescheduling of works at short notice because of the current Covid-19 global pandemic may be required.

Thank you for your cooperation while we carry out these important works.

More information

For information on the site, and its impacts on you, please contact Sydney Civil's community relations team on 1300 997 858 or email community@sydneycivil.com

Yours sincerely

Winston Zhu
Project Coordinator
