Our Ref: 10206311

Day and Night Work - Street Lighting Improvements – Sussex Street, Sydney

We will soon start work to improve **Sussex Street between Erskine Street and King Street, Sydney**. These works will improve reliability of the street lighting, maintain pedestrian safety and enhance road user visibility in the area.

Street: Sussex Street
Section: Erskine Street to King Street
Type of work: Installation of smartpoles, road and footpath restoration
Start date: 28 May 2022
Duration: Six weeks
Working hours: 8pm to 5am – Monday to Thursday
7.30am to 3.30pm – Saturday and Sunday

Noisy works will commence from 9am on Saturday and Sunday, and no noise for the works undertaken at night.

We will work to minimise impacts during this time. However, there may be machinery noise, temporary restrictions to traffic parking and changes to pedestrian access.

If there is bad weather, our contractors will try to start the work the next day. If unsuitable weather continues, we will update you on any changes to the schedule.

You will still be able to access properties in the street. We will contact you if we need to temporarily restrict access to progress work.

Thank you for your patience while we complete these important works.
