

5 August 2022

Our Ref: 10508301

STREET IMPROVEMENTS – CATHERINE STREET, GLEBE

We will continue work to improve **Catherine Street at the intersections of Derwent, Westmoreland, and Mount Vernon Streets**. These works will increase pedestrian, bike and public transport access while improving safety and greening our streets.

Street: Catherine Street
Intersections: Derwent, Westmoreland, and Mount Vernon Streets.
Type of work: Pedestrian crossings, continuous footpath treatments, stormwater pit and pipes, street lighting, kerb extensions, garden beds, concrete footpath, tactile installation and linemarking

Expected completion

date: November 2022
Working hours: 7.30am to 5.30pm – Monday to Friday
7.30am to 3.30pm – Saturday

We will work to minimise impacts during this time. However, there may be machinery noise, temporary restrictions to traffic parking and changes to pedestrian access.

If there is bad weather, our contractors will try to start the work the next day. If unsuitable weather continues, we will update you on any changes to the schedule.

You will still be able to access properties in the street. We will contact you if we need to temporarily restrict access to progress work.

Thank you for your patience while we complete these important works.
