Our Ref: 10539476

STREET IMPROVEMENTS – INTERSECTION OF EVE STREET AND COULSON STREET, ERSKINEVILLE

We will soon start work to improve **the intersection of Eve Street and Coulson Street, Erskineville**. These works will increase pedestrian, bike and public transport access while improving safety and greening our streets.

Street:	Eve Street
Intersection:	Coulson Street
Type of work:	New continuous footpath treatment, raised pedestrian crossing, street lighting, stormwater pits and pipes, concrete footpath, road resurfacing, existing tree to be removed, garden beds, kerb extensions, tactile installation and linemarking
Start date:	5 September 2022
Duration:	Two months
Working hours:	7.30am to 5.30pm – Monday to Friday 7.30am to 3.30pm – Saturday

We will work to minimise impacts during this time. However, there may be machinery noise, temporary restrictions to traffic parking and changes to pedestrian access.

If there is bad weather, our contractors will try to start the work the next day. If unsuitable weather continues, we will update you on any changes to the schedule.

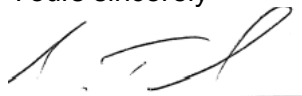

You will still be able to access properties in the street. We will contact you if we need to temporarily restrict access to progress work.

Thank you for your patience while we complete these important works.
