

28 August 2022

Our Ref: 10546044

**STREET IMPROVEMENTS – STANLEY STREET, DARLINGHURST**

We will soon start work to improve **the intersection of Stanley Street and Yurong Street, Darlinghurst**. These works will increase pedestrian, bike and public transport access while improving safety and greening our streets.

<b>Street:</b>	Stanley Street
<b>Intersection:</b>	Yurong Street
<b>Type of work:</b>	Raised pedestrian crossing, continuous footpath treatments, stormwater pit and pipes, street lighting for pedestrian crossing, kerb extensions, garden beds, footpath renewal, tactile installation and linemarking
<b>Start date:</b>	31 August 2022
<b>Duration:</b>	Two months
<b>Working hours:</b>	7.30am to 5.30pm – Monday to Friday 7.30am to 3.30pm – Saturday

We will work to minimise impacts during this time. However, there may be machinery noise, temporary restrictions to traffic parking and changes to pedestrian access.

If there is bad weather, our contractors will try to start the work the next day. If unsuitable weather continues, we will update you on any changes to the schedule.

You will still be able to access properties in the street. We will contact you if we need to temporarily restrict access to progress work.

Thank you for your patience while we complete these important works.
