Park Lighting Improvements – Edmund Resch Reserve, Redfern

We will soon start work to improve the lighting in **Edmund Resch Reserve, Redfern**.

Park:	Edmund Resch Reserve, Redfern
Section:	between South Dowling and Bourke Streets.
Type of work:	bollard lighting installation, underground trenching, and restoration of gardens
Start date:	28 February 2024
Duration:	One month
Working hours:	7.30am to 5.30pm – Monday to Friday 7.30am to 3.30pm - Saturday

We are completing these works in two stages. This first stage is to complete necessary electrical works and some bollard lights near Bourke Street and South Dowling Street.

A future stage in following months will deliver the remaining lighting improvements.

We will work to minimise impacts during this time, however there will be some machinery noise, temporary restrictions to vehicle parking and changes to pedestrian access.

If there is wet weather, our contractors will try to start the work the next day. If unsuitable weather continues, we will update you on any changes to the schedule.

You will still be able to access properties in the street, and we will contact you if we need to temporarily restrict access to progress work.

Thank you for your patience while we complete these important works.
