Our Ref: 10645203

STREET IMPROVEMENTS – ALBION STREET, SURRY HILLS

We will continue work to improve **Albion Street at the intersections of Mary, Commonwealth, Belmore, and Bellevue Streets**. These works will increase pedestrian, bike and public transport access while improving safety and greening our streets.

Street:	Albion Street
Intersections:	Mary, Commonwealth, Belmore, and Bellevue Streets
Type of work:	Traffic signals at Mary Street and Belmore Street, continuous footpath treatments, road resurfacing, garden beds, concrete footpath, linemarking and tactiles.
Working hours:	7.30am to 5.30pm – Monday to Friday 7.30am to 3.30pm – Saturday

The intersection of Commonwealth Street is currently closed with detours in place, as we are trying to resolve an underground service utility issue.

Further notification will be provided to the community prior to commencement for works at the intersections of Waterloo Street and Little Riley Street.

We will work to minimise impacts during this time. However, there may be machinery noise, temporary restrictions to traffic parking and changes to pedestrian access.

If there is bad weather, our contractors will try to start the work the next day. If unsuitable weather continues, we will update you on any changes to the schedule.

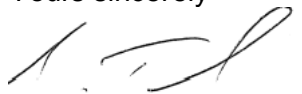

You will still be able to access properties in the street. We will contact you if we need to temporarily restrict access to progress work.

Thank you for your patience while we complete these important works.
