

13 February 2021

Our Ref: 10195518

## **Day Work - Street Lighting Improvements - Clarence Street, Sydney**

We will soon start work to improve **Clarence Street from DrUITT Street to Market Street and Erskine Street to Margaret Street, Sydney**. These works will improve reliability of the street lighting, maintain pedestrian safety and enhance road user visibility in the area.

### **What work is being done?**

- Installation of new smartpoles
- Road and footpath restoration

### **When will work start?**

The City's contractor, Sydney Civil, will start work in about **two weeks**. Work will be carried out the **day** between **7.30am and 5.30pm Monday to Sunday**. The work is expected to take about **two months** to complete, weather permitting.

Work will continue between Barrack Street and Erskine Street to restore the roadway on Sunday 14 February 2021, weather permitting.

Removal of redundant street lighting poles will be undertaken at the intersections of Barrack, Erskine, and Margaret Streets on Saturday 20/2/21, weather permitting.

### **Will there be any disruption?**

We will take steps to minimise any impact on you. However, there will be some machinery noise, temporary restrictions to vehicle parking and alternative pedestrian access. In the event of wet weather, work will commence the following day. If unsuitable weather continues, we will notify you of the change in scheduling.

Please note that works maybe rescheduled at short notice because of the current Covid-19 global pandemic. The safety of our communities, customers and staff is our top priority.

Thank you for your cooperation while we carry out these important works.
