

9 October 2020

Our Ref: 10198060

Day Work - Street Improvements - Sussex Street, Sydney

We will soon start work to improve **Sussex Street, Sydney between King Street and Market Street, east side**. These works will replace the existing footpath with new granite paving.

What work is being done?

- Granite footpath and driveway paving
- Fixing any damaged kerbs and gutters

When will work start?

The City's contractor, Sydney Civil, will start work in about **two weeks**. Work will be carried out during the **day** between **7.30am and 5.30pm Monday to Saturday**. The work is expected to take about **two months** to complete, weather permitting.

Night works will be required, and further notification will be provided to the community prior to these works.

Will there be any disruption?

We will take steps to minimise any impact on you. However, there will be some machinery noise, temporary restrictions to vehicle parking and alternative pedestrian access. In the event of wet weather, work will commence the following day. If unsuitable weather continues, we will notify you of the change in scheduling.

Please note that works maybe rescheduled at short notice because of the current Covid-19 global pandemic. The safety of our communities, customers and staff is our top priority.

Thank you for your cooperation while we carry out these important works.
