

6 May 2022

Dear Resident/Business

**CONSTRUCTION NOTICE
MINOR FOOTPATH WORKS OUTSIDE TOWN HALL STEPS
INTERSECTION OF GEORGE STREET AND DRUITT STREET**

Sydney Civil has been engaged by City of Sydney to deliver the above works. These have been scheduled to commence on the 17 May 2022. Some minor potholing and preliminary activities will take place the week starting 9 May 2022.

Scope of the works will involve the improvement of the drainage infrastructure in front and around of the area of the Town Hall steps. The works will involve installation of drainage elements (like grated and box drains) within the footpath pavement and repaving approximately 2m wide stretch in the section of footpath affected by ponding.

Works Location: George Street outside Town Hall Building (intersection of DrUITT Street)
Construction Works: Improvement of drainage and paving
Start Date: 17 May 2022 (some site establishment works to be conducted prior)
Duration: Approximately 2 weeks (depending upon weather and latent issues)
Working hours: Mainly **Night works** 8pm to 5am (Monday to Saturday) and paving day works 7am to 5pm

To keep the construction impacts to minimum, demolition and drainage installation works will be carried out at night with pedestrian fencing left over during the day so that the community can freely use the area outside Town Hall steps. Finishing pavers will be installed during the day.

Sydney Civil will work to minimise impacts during this time. There may be machinery noise as well as temporary disruptions to local and pedestrian traffic. Access to all properties will be maintained at all times.

Thank you for your patience while we deliver this important piece of infrastructure upgrade to the area, which will enhance the appearance of the public domain.
