Dear Resident/Business

**NOTICE – CONSTRUCTION START – GEORGE STREET, BETWEEN  
RAWSON PLACE AND PITT STREET  
George Street South Pedestrianisation**

George Street pedestrianisation into a new pedestrian boulevard is complete and open to the public between Bathurst Street and Rawson Place. Works in Ultimo Road, Thomas Street and Parker Street are progressing well as part of George Street South Pedestrianisation Project.

As part of this project, footpath widening and public domain improvements will soon begin on George Street between Rawson Place and Pitt Street, Haymarket. Sydney Civil is delivering these works on behalf of the City of Sydney.

Construction in this section will occur on both the east and west sides of the street and will be delivered in stages to minimise disruption to businesses and the community. Works are programmed to commence on the western side of George Street, to continue the section already completed north of Rawson Place. Once work is complete, pedestrians and businesses will be able to enjoy improved amenity with wider footpaths, new trees and street furniture. North and Southbound vehicular access will be maintained during and after construction completion.

**Works Location:** George Street (between Rawson Place and Pitt Street).

**Construction Works:** Streetscape upgrade

**Start Date:** Week commencing 9 May 2022 (some site establishment works may be conducted prior)

**Duration:** Approximately 18 weeks (depending upon weather and latent issues)

**Working hours:** 7am to 5pm (Monday to Saturday)

Additional night and weekend works may be needed to meet various authorities' approval requirements, as well as to ensure access to business is maintained during the day. Separate notifications will be provided to advise of these works.

Sydney Civil will work to minimise impacts during this time. There may be machinery noise as well as temporary disruptions to local and pedestrian traffic. Access to all properties will be maintained at all times.

Thank you for your patience while we deliver this important piece of infrastructure upgrade to the area, which will enhance the appearance of the public domain.
