

17 November 2021

Dear Resident/Business

**NOTICE – WEEKEND WORKS (27 - 29 NOVEMBER 2021)
George Street South Pedestrianisation**

We are working on behalf of the City of Sydney to convert the southern end of George Street to a pedestrian boulevard. As part of this project, work on George Street, between Bathurst Street and Rawson Place, has been programmed over the weekend from Saturday 27 November to Monday 29 November 2021.

The following works are required for safety of road users and will progress towards the completion of George Street works:

- Upgrading traffic, light rail and pedestrian signals at intersections along George Street at Bathurst Street, Liverpool Street and Goulburn Street; and
- Installing tactile pavers abutting the track slab, south of Goulburn Street; and light rail pits and paving works on Chinatown Light Rail Stop islands.

These works can only occur when the light rail is not operating during the weekend shutdown to allow for the construction next to the light rail track slab. We will work continuously over the weekend to complete this critical stage of work in a reduced timeframe and lessen the overall impact on the community.

Overall project scope: Creating a pedestrian boulevard with new paving, trees and street furniture

Location: George Street, between Bathurst Street & Rawson Place

This letter construction Work Details: George Street, between Bathurst Street and Rawson Place (Eastern and Western side) – Continuous works (24/7) from 27 November at 3.00am to 29 November at 4.00am 2021.

Sydney Civil will work to minimise impacts during this time. However, there may be machinery noise as well as temporary disruptions to local and pedestrian traffic. Access to all properties will be maintained at all times.

Thank you for your patience while we deliver this important piece of infrastructure upgrade to the area, which will enhance the appearance of the public domain.
