

12 October 2021

Dear Resident/Business

**NOTICE – WEEKEND WORKS (24-25 OCTOBER 2021)  
George Street South Pedestrianisation**

We are working on behalf of the City of Sydney to convert George Street, south of Bathurst Street, to a pedestrian boulevard. The project is progressing well and the mid-block sections between Bathurst Street and Goulburn Street are now open, with works now mainly concentrating in the section between Goulburn Street and Rawson Place.

To manage safety requirements adjacent to light rail tracks, we will carry out predominantly early investigation and kerbs installation works continuously over the weekend from Sunday 24 to Monday 25 October, when the L1 light rail line (operating along Hay Street) is not operating. This is required by Transport for NSW and their Light Rail Operator to coincide with their programmed light rail network closure for maintenance. This work will help us advance the overall scope, deliver the work safely and lessen the impact on the community.

Sydney Civil will work to minimise impacts during this time. However, there will be machinery noise as well as some minimal temporary disruptions to local and pedestrian traffic. Sydney Civil is working to minimise the impact of night works, but some night works will be required. Access to all properties will be maintained at all times.

These works will mainly be at the intersection of George Street and Hay Street, to enable civil works at this location. See below for locations and hours of works:

**Location: George Street and Hay Street intersection**

**Construction Works & Details:**

- Investigation works for new traffic signals, installation of kerbs and associated works.
- Continuous works from Sunday 24 October at 1.00am to Monday 25 October 2021 at 4.00am

Thank you for your patience while we deliver this important piece of infrastructure upgrade to the area, which will enhance the appearance of the public domain.
