Street Improvements Update – Pitt Street, Redfern

We are continuing work to improve **Pitt Street between Cleveland Street and Wells Street**. These works will help improve stormwater drainage on the street.

Work has been completed at the Cleveland Street end and we are gradually progressing towards Wells Street.

The remaining work is:

Street: Pitt Street, Redfern
Section: near the Redfern Occasional Child Care to Wells Street
Type of work: install stormwater pits and pipes
Start date: 6 June 2022
Duration: four weeks
Working hours: 7.30am to 5.30pm – Monday to Friday
7.30am to 3.30pm – Saturday

We will work to minimise impacts during this time, however there will be some machinery noise, temporary restrictions to vehicle parking and changes to pedestrian access.

If there is wet weather, our contractors will try to continue the work the next day. If unsuitable weather continues, we will further update you on changes to scheduling.

You will still be able to access properties in the street and we will contact you if we need to temporarily restrict access to progress work.

Thank you for your patience while we complete these important works.
