

THE LORD MAYOR OF SYDNEY
CLOVER MOORE

20 July 2020

Dear Resident

Improving Macleay Street

The City of Sydney will soon begin work on Macleay Street, Potts Point, between Orwell Street and Challis Avenue. This follows consultation with residents and businesses to develop the design.

Works will make the area safer for people walking, help calm traffic, and improve the streetscape with more trees and plants.

Work includes installing:

- wider footpaths to provide more space for people walking
- raised continuous footpath treatments from Orwell Street to Rockwall Crescent
- a raised intersection at Macleay Street and Greenknowe Avenue
- new lighting, seating and street furniture
- more street trees and building new garden beds
- two in-lane bus stops on the eastern and western side of Macleay Street.

You can view the final design for the project at www.cityofsydney.nsw.gov.au/macleay-street.

The City's contractor, Sydney Civil Pty. Ltd., will carry out the work, which is planned to start in August and should take about 18 months, weather permitting.

A service location and investigation program will start in late July/early August to identify any buried services in key areas. This will take up to two weeks.

Sydney Civil will also notify residents and businesses of construction times and dates before works are due to start outside their properties.

We will keep you updated as the project progresses. Thank you for your patience while we complete these important works.

For more information, contact Craig Taragel, City of Sydney Project Manager, on 9265 9333 or at ctaragel@cityofsydney.nsw.gov.au.

Yours sincerely

Clover Moore
