

14 March 2022

Dear Resident/Business

**NOTICE – DETOUR AND NIGHT WORKS  
AT THE INTERSECTION OF PARKER ST AND HAY STREET  
George Street South Pedestrianisation**

Works on George Street have been progressing well. The areas between Bathurst Street and Rawson Place are complete, and opened to the community in stages over the past year. As part of this project, we are now required to upgrade to the intersection of Parker Street and Hay Street. This will improve safety along the light rail corridor by deterring unauthorised vehicle access to the light rail tracks, and will also improve pedestrian access with the construction of a raised pedestrian environment.

To not adversely impact on traffic at this intersection, **night works and a detour only during the night** will be required to complete these works. Normal traffic access will be available during the day.

**Works Location:** Intersection of Parker Street and Hay Street

**Construction Works:** Construction of paved raised pedestrian environment

**Construction Time Frame:** 23 March to 23 April 2022, weather permitting

**Working hours:** 3pm to 5am

Please note that during working hours, access to driveways on Parker Street will be maintained at all times. If you require access to Parker Lane, access will be from Parker Lane and Barlow Street via an assisted contraflow, follow traffic controller directions at all times.

Sydney Civil will work to minimise impact during this time. However, there may be some machinery noise as well as temporary disruptions to vehicular traffic. Access to all properties will be maintained at all times.

**For more information**, please visit the project webpage at <https://community.sydneycivil.com/george-street-south-pedestrianisation> or contact Community Liaison Officer, Sydney Civil, on 0424 171 852 or email [community@sydneycivil.com](mailto:community@sydneycivil.com)

Yours sincerely,

**Community Liaison Team – Sydney Civil P/L**
