Work in your street

Day Work – Service Investigation Works – Crown Street, Surry Hills

Service investigation work on **Crown Street, Surry Hills** will be undertaken to gather data about the underground services like power, water, sewer and communications in the local area. This data will inform the planning for the Crown Street Upgrade project.

Street and section: Crown Street between Devonshire Street and Oxford Street.

Work location moves each day.

Type of work: Service investigation works

Start date: 31 March 2023

Duration: Six weeks, weather permitting.

Working hours: 7.30am to 5.30pm – Monday to Friday

7.30am to 3.30pm – Saturday

We will work to minimise impacts during this time. However, there may be machinery noise, temporary restrictions to traffic parking and changes to pedestrian access.

If there is bad weather, our contractors will try to start the work the next day. If unsuitable weather continues, we will update you on any changes to the schedule.

You will still be able to access properties in the street. We will contact you if we need to temporarily restrict access to progress work.

Thank you for your patience while we complete these important works.
