

SYDNEY CIVIL

IMPROVING TRAFFIC AND SAFETY IN WOLLI CREEK - CONSTRUCTION **UPDATE (SEPTEMBER 2020)**

Bayside Council is working to improve traffic flow and safety for road users, pedestrians and cyclists in Wolli Creek.

In January, Sydney Civil was engaged to implement the one way circuit chosen by the community, plus other improvements. These will include increased street lighting, widening and beautification of footpaths and roads, extra pedestrian crossings, adding a bicycle lane and addressing storm water issues to fix localised flooding.

Update of work status:

Progress works for September:

- Completed road reconstruction on Guess Av.
- Completed road reconstruction on Mount Olympus Blv.
- Completed road reconstruction works on Arncliffe Street.
- Completed garden beds and tree pits along Arncliffe St.

Program of works for October:

- Final road line marking and signs.
- Continue pedestrian crossing update works on Magdalene Tce and Mount Olympus Blv.

Important note: As a reminder from previous letter drop, there will be asphalt correction works and preliminary line marking works to be carried out on the nights of the 2nd and 3rd of October from 7pm to 5am on Arncliffe Street, Guess Avenue and Mount Olympus.

Please follow all directions from traffic controllers.

Please note one way system is in operation as a permanent traffic arrangement. Follow all signs and directions.
